**INFORMATION FOR SCHOOLS**

*Preparing pupils for meeting an Educational Psychologist*

Preparing pupils for their meeting with an Educational Psychologist...

To help school do this we have written a pupil information leaflet explaining who we are, what we do and what might happen when they meet us.

**What does the school need to do before the pupil meets an EP?**

1. Decide who is the best person to talk to the pupil about the meeting (class teacher, SENCO, head of year?)
2. Read the 'Information for Pupils' leaflet with the pupil.
3. Discuss the nature of your concerns with the pupil. Explain why they are going to see an EP.
4. Complete the box on the next page with the pupil.
5. Inform the parents/carers of the date of the first meeting.
6. Arrange a suitable place for the meeting.
7. Provide the EP and the pupil with a completed photocopy of the page opposite.
